Maharaja's Haveli is one of Sydney's greatest venues, known for holding great events; meet & greets, press conferences, movie shoots, official dinners etc and being a major supporter for event organisers by sponsoring & promoting shows. Keeping this momentum going Satinder is looking to provide a new state of the art function centre to host bigger and better events. To complete the perfect package for event organisers a new Events Marketing and Online Ticketing system - 'Premier Tickets' has now been made available. Premier Tickets is a joint venture between Satinder Benepal, owner of Maharaja's Haveli and Ashwani Dhawan of Broadway Infotech, providing the IT and technical services.

The inauguration ceremony of Premier Tickets took place at Maharaja's Haveli on the evening of the 30th October by Partik Babar and

Sidarath from BIG BOSS, pressing the button to activate the official website. What followed was a short presentation showcasing features of Premier Tickets to Sydney's major Event Organisers who took time out to attend the evening. Special acknowledgements were made to our Travel Partner - Neni Tiwari from Value World Travel, Media Partner - Minu Sharma from Indus Age and Printing Partner - Rohit Duggal from Mr. Office Express.

David Walker, GM Baulkham Hills Council presented the local area roadmap, in particular the Bella Vista Farm location. He expressed the need to network within the business community if ventures like these are to succeed. The launch evening was enjoyed by all, absorbing information over refreshments and Haveli's famous canapes.

Premier Tickets is all about hassle free ticket booking & event marketing. The online ticket booking

and marketing needs for event organisers in Australia provided us with a huge opportunity to create a simple yet powerful platform. At Premier Tickets, we are passionate about event marketing and online ticketing and strive to provide clients and event organizers with an efficient online ticketing system.

Our aim is to become the top platform of choice for public and event organisers. Premier Tickets will utilize the best of technology to streamline the online ticketing and event marketing processes.

Event marketing and online ticketing is simplified with Premier Tickets. Let us manage your next event through Premier Tickets. We understand the needs of event organisers. Our services include Online Ticketing, Event Creation, Event Marketing, Facebook Marketing, Email Marketing, SMS Marketing and more.
